Subject: Bradford Island Schedule

Hi, Chris. When we last spoke, you offered to send your Excel planning spreadsheet for Bradford Island. It would be very helpful for us, as we need schedule information to:

- Update our internal site schedule and project plan
- Inform our contracting action for technical support
- Refine the current human health exposure and groundwater migration reporting metrics for the site (both currently show "insufficient information to determine").

Please send it along as soon as you get a chance and be sure to copy Rich. Thanks, Chris! I'm sure you are up to your eyeballs just now with the field schedule. Hope it is going OK.
